Change Coaches Leadership Accelerator: Coaching and Developing Leaders for Today's Workplace

Our [Change Coaches Leadership Accelerators](#) combine a unique blend of learning experiences including assessments, signature workshops, and group coaching. Participants will have a chance to apply their new learnings throughout the accelerator. Our leadership accelerators are ideal for executives, leadership teams, and groups of middle managers. After completing an accelerator, leaders will be prepared to better navigate today's workplace. Our unique approach is designed to help their learning stick like it never has before. Not only will leaders have an opportunity to practice their new learning, but through engaging in group coaching and workshops, they will also develop a common language.

Leadership Team Coaching + Development

In addition to coaching leadership teams, we also offer one-on-one executive leadership, team, and group coaching. Our group coaching programs can be offered as part of a leadership academy or on an a la carte basis. If you are looking for coaching for multiple leaders, Change Coaches can work with your organization to supply multiple coaches.
